PROFESSIONAL EXPERIENCE

Fablab Solidaire, FabLab Manager

[↗](#)

Jul 2019 – Aug 2021 | Tunis, Tunisia
As a FabLab Manager, I oversaw daily operations, managed equipment, provided user training, and fostered innovation in a digital fabrication lab.

PROJECTS

Airport Management, A C# education project.

[↗](#)

2023

This project aims to create a management application for airport activities,

COCO Market, E-Commerce (Spring Boot, Angular)

[↗](#)

2023

An app for listing management, boosting visibility, discovering opportunities, analyzing data, and expanding markets.

WorkVision, HR Managment (JAVA, Symfony)

[↗](#)

2022

This app assists HR managers and employees in streamlining administrative tasks. It facilitates employee file management, job application processing, candidate evaluation, leave requests, premium and event management, and user account control.

ASSOCIATIVE EXPERIENCE

Member, the Youth and Science Association of Tunisia

[↗](#)

2005 – present | Tunisia

The "Youth Science Movement," initiated by intellectuals in 1959, emerged due to a recognized lack of scientific and technical engagement in existing associations.

Participant, the People's Choice Award at the Global #Hackathon4Justice

[↗](#)

Nov 2019 | Washington D.C, USA

The UNODC partnered with the World Bank and Africa Teen Geeks for the hackathon.

CO-founder, Fab Lab Solidaire

[↗](#)

2015 | Tunis, Tunisia

Fab Lab Solidaire: Tunisia's Youth Science Association uniting for educational and habitat-focused research.

Participant, Expo-Sciences international "ESI"

2009 – 2015

Participated in science projects at ESI international exhibitions:

- ESI 2009 (Tunis, Tunisia)
- ESI 2013 (Abu Dhabi, UAE)
- ESI 2015 (Brussels, Belgium)

ESI showcases diverse STEAM projects by global youth.
